Techskills LLC (the "Company") has issued and sold to two of its members Series D units at an aggregate offering price of \$600,003 and to one of its members a junior subordinated convertible note having an aggregate principal amount of \$400,002. The junior note will convert into a series of Preferred units of the Company. Those Preferred units and the Series D units are convertible into Common units of the Company.

The Company also issued to these three members a warrant in consideration of their participating in the offering described above as well as in consideration of the members guaranteeing to the Company's senior lender the Company's performance under a letter of credit issued by the lender on behalf of the Company. Each warrant is exercisable over a 10 year period and allows the holder of the warrant to purchase a number of Common units of the Company equal to 20% of the notional amount of the letter of credit guaranteed by such holder to the Company's senior lender, divided by 3. The warrant has an exercise price of \$0.01 per unit and the aggregate exercise price was not included in the aggregate offering price or amount sold to date on the Form D.

All of the securities described above (including any securities into which the same may be converted or for which the warrant may be exercised as well as any securities into which such securities may be converted) are included in the offering for which the Form D is being filed.

The Company may expand the size of the offering in the event any of the other members of the Company choose to exercise their preemptive rights and participate in the offering described above. In such event, the Company will file an appropriate amendment to this Form D.
